

District buildings and grounds are public property and the use of these facilities by the public is encouraged when it does not interfere with school activities. Permission to use school facilities does not mean an endorsement of the activity or the purpose for which they are used.

The Superintendent shall establish regulations for using district facilities. These are to comply with all laws which are to be summarized. Regulations are also to:

1. Assure the protection of district property.
2. Provide for the health and safety of people.
3. Require payment for any damage or loss.
4. Use of district facilities on weekends and holidays will be contingent upon availability of appropriate staff. Preference will be given to organizations where Johnson City students are involved. Associated facility use fees will be charged to the sponsor of the event according to the Fee Schedule for weekends and holidays.
5. On days when schools are closed due to inclement weather, all outside use of facilities will be canceled.
6. The district reserves the right to rescind or reschedule previously approved requests from outside groups if there is a conflict with school events. Every attempt will be made to notify the organization in a timely manner.

A fee schedule for use of facilities will be adopted by the Board of Education annually at the organizational meeting.
