

Bob Holbert

Year of Induction: **2006**
Year of Graduation: **1964**

When you talk about legends in Johnson City, Bob Holbert is on that list. Bob graduated from JC in 1964. He led the Wildcat baseball team to a STAC championship with a .450 batting average. Bob was an All-Star in both baseball and basketball. In mid June, Bob signed with the San Francisco Giants for \$75,000 dollars. He spent seven seasons in the Giants organization playing with greats like Willie Mays, Bobby Bonds and Willie McCovey.

In 1965, Bob married Sally, his high school sweetheart and, 55 years later, is still very happy. They have two boys - Lance and Craig - both JC alumni. Bob also has three grandchildren, who are the love of his life.

Bob spent 13 years as a history teacher and 18 years as an administrator. He was well respected by students and faculty. Bob loves the Johnson City schools and is a great example for us to follow.

Congratulations Bob on being one of the original inductees into the Johnson City Hall of Fame.
