The Board of Education can provide the public with a limited update as to the matter involving the middle school principal. The middle school principal remains on leave with the direction that he may not enter onto district property and otherwise communicate with district personnel or students. The district is involved in all of the appropriate legal proceedings to resolve this matter. Until those legal proceedings are resolved, the board can have no further comment. We can assure the public that upon the completion of those legal proceedings, we will provide a further comment as appropriate.

Superintendent Race reviewed dates for New Teacher Orientation, twelve-month employee BBQ, and Professional Learning Summit which will provide professional development from high-level educational leaders to our teaching staff. Ms. Eaton provided a non-instructional staffing update along with a review of summer construction work throughout the campus.
